

## Freedom Boxer's – Stud Contract

### Stud Information

The following information must be obtained and approved before **Freedom Boxer's** will accept any breeding contract with our stud:

- A photocopy of your dam's AKC registration
- A legible four year AKC registration pedigree
- Recent photograph of the dam (front and side views)

### Following Approval

Once approved for breeding we require the following:

- Veterinary health certificate, copies of lab work
- Provide or pay for all transportation costs
- Pay all veterinary costs at the time of service if the veterinary care is needed
- The dam owner must be willing/able to care for the litter and agree puppies will not be sold to pet shops, kennels or individuals with the purpose of mass production.
- Dam must be in good health, at least 18 months of age and under 7 years of age.
- Stud is guaranteed to be in good health
- Copy of dam's AKC registration
- 3-5 yr. AKC generation pedigree

### Stud Service Policy

- The stud fee for Ranger is \$900.00
- One or more live saleable puppies constitutes a litter
- If the dam does not whelp one or more live puppies, a return service will be given to the same dam at the next session without an additional fee. Any other conditions/agreements will be noted and initialized by both parties under additional information on this document.
- **Freedom Boxer's** will sign for the full registration puppies produced by this breeding, only if the dam's owner produces copies and contracts with the buyers, otherwise limited registration will be required.
- The dam owner also agrees to sell puppies resulting from this breeding with a sales contracting stating that, if for any reason a purchaser of a puppy can no longer keep the puppy, the breeder requires the return of the puppy to them to be resold to a suitable home.
- The owner of the dam warrants that the dam has no been exposed to any stud dog prior to her arrival and that he/she will protect her from exposure upon her return home. A litter is not eligible for AKC registration if the serviced dam is serviced by a second male during this heat cycle, nor is the owner of the dam entitled to a free repeat breeding.
- Any amendments, or additions to this contract will be detailed in the additional space of this contract and will be initiated by both stud and dam owner.
